SELTMANN WEIDEN –

vom Einzelunternehmen zur **UNTERNEHMENSGRUPPE**

The **Christian Seltmann Porcelain Factory** (SELTMANN WEIDEN), founded in 1910, has evolved, through the takeover of the 'Royal Privileged Tettau Porcelain Factory' (KÖNIGLICH TETTAU) and the four specialist porcelain manufacturers and art department absorbed in 1990 and 1995 to become a **group of companies** that is still today managed as a **family-run firm**. The group operates five factories employing around 1,000 people, producing exquisite porcelain for households, marketing – promotion – incentives, hotels and communal catering. It also creates stunning figurines and gifts.

As one of very few porcelain manufacturers to **operate worldwide**, the Seltmann Group possesses an unusually wide range of production expertise: from **high-tech production** in one of Europe's most modern porcelain manufacturing plants to the **craftsmanship** of traditional artisans working by hand at the Rudolstadt workshops in Thuringia.

Consequently, the porcelain produced by the Seltmann Group satisfies even the most exacting international demands in terms of design, function, resilience and exclusivity. It is precisely these product characteristics that can only be achieved at such **high standards** thanks to production in Germany.

Reliability and flexibility are very important for the entrepreneurial Seltmann family, as well as the development of particularly **environmentally sound production techniques**, which are immediately incorporated into the production facilities.

Made in GERMANY

With its companies, the Seltmann Group has more than **250 years of experience** in the manufacture of porcelain. The ever-expanding **production expertise** passed down through the generations cannot to this day be replaced.

The seal of 'Made in Germany' provided by SELTMANN WEIDEN is the hallmark of this **high standard of quality**.

be green

At SELTMANN WEIDEN, production in accordance with strict **environmental criteria** and **health guidelines** has always been a top priority.

To create a **credible, long-term** means of communicating this **eco-friendly approach** embraced by the whole Seltmann Group, Seltmann has developed an **environmental seal of quality** for its porcelain manufacturing activities.
