# GASTRO MODA

2019/20

**Top-quality ingredients, creative recipes and masterful execution.  
Introducing our speciality: GASTRO MODA from GREIFF.**

GREIFF fashion stands for quality and style – and has done so for more than 200 years. We are a modern company which has devoted itself to producing high-quality clothing for the food service and hotel industries from the beginning.

We counter the high demands made of clothes in kitchens and in food service with high-quality materials, optimum workmanship and outstanding care properties for extra long wear. At the same time, GASTRO MODA offers you plenty of fashion diversity. Numerous models in all sorts of different colours and fabrics guarantee countless choices and possible combinations.

We serve up an impressively large off-the-peg range and therefore also maximum flexibility and top service. Every location is guaranteed to find its own specific look with our CUISINE and SERVICE collections.

## EMBROIDERY SERVICE

We are happy to customise your clothing by embroidering your company name or adding your logo, either as embroidery or as a badge. If you choose this option, we ask you to send approved artwork as a PDF or JPEG. If you require a specific colour, please specify a Pantone-, RAL- or HKS-code.

Customisation is charged based on the number of garments to be personalised and the number of stitches needed to produce the embroidery or badge. One-off programming costs also apply, which are invoiced separately.

## FITS

### SLIM FIT

Slim Fit features a very fashionable and figure-hugging fit, which is ideal for fashion-conscious wearers.

### REGULAR FIT

Regular Fit features a comfortable, slightly fitted and modern cut, which suits almost any figure and any wearer.

### COMFORT FIT

Comfort Fit features a comfortable, pleasant fit that is ideal for classic wear.

## QUALITIES

Water & Dirt Repellent

### WATER- AND DIRT-REPELLENT

This finish protects your clothes from the demands of everyday life without altering the fabrics' natural appearance, breathability or feel.

Stretch

### STRETCH

The synthetic elastane fibres used here boast unique elasticity and shape recovery. They can be stretched to up to seven times their original length. This results in improved comfort and fit, shape retention, durability and freedom of movement.

Recycled Materials

### RECYCLED MATERIALS

The polyester within this fabric is made entirely of recycled materials. The fibres were sourced from plastic bottles and fibre waste. This allows us to reduce the carbon, energy and water consumption caused when manufacturing your clothes.

Moisture Wicking

### MOISTURE-REGULATING

This fabric impresses with its optimum moisture management. It contains specially developed fibres that wick moisture away from the inside to the outside of the fabric. And thanks to their good breathability, the fibres also enhance your clothes' heat-regulating effect. The fibres are crease-resistant, boast low shrinkage and are easycare. In addition, their elasticity results in a good fit and optimum wearability.

Machine Washable

### MACHINE-WASHABLE

No dry cleaning necessary – you can wash this fabric at home without any qualms if you follow our care instructions.

Denim

### DENIM

The characteristic and timeless denim material of these items stands out with its excellent durability and top wearability.

Non Iron

### NON-IRON COTTON

The special meshing of the cotton fibres means the fabric does not crease easily. As a result, creases fall out practically by themselves after washing. The fibres dry quickly and are extremely easy-care, wicking body moisture away to the outside of the fabric and ensuring optimum comfort.

100% Cotton

### 100% COTTON

Your item of clothing is made exclusively of cotton. This composition guarantees good moisture absorption and excellent wearability.

Easy Care

### EASY-CARE

It doesn't take much to enjoy pristine clothes. Various finishing technologies make your items especially hard-wearing, meaning regular washing and tumble-drying cycles do not pose a problem.

## WASHING

normal process

CORPORATE WEAR

SHIRTS AND BLOUSES

## CLOTHES DEVELOPED WITH A CONSCIENCE AND...

Want your employees to feel good about wearing their outfits in addition to the clothes being fashionable and functional?

**If so, you can't go wrong with GREIFF.** Responsible business is firmly enshrined in our corporate values. We can't achieve a great deal on our own, though. We are therefore especially proud to be pursuing our course with customers and suppliers who share our values.

We and our partners

- place the focus on people,
- meet top quality standards and
- use raw materials sparingly

Together with our partners of many years standing, we work towards becoming even fairer and even more sustainable.

## ...WITH FULL TRACEABILITY.

Where does the cotton used for my chef's jacket come from? Where was my apron sewn? The myGREIFF code allows you and your employees to determine where your clothes come from online whenever you want.

**All it takes is a couple of clicks:**

Photo: TransFair e.V. / Anand Parmar

We are a member of the Fair Wear Foundation (FWF). By enforcing this organisation's labour standards at our production facilities, we are continuously improving the local people's labour and social conditions.

We belong to the Partnership for Sustainable Textiles, which was initiated by the German government in 2014. This serves as a platform for dialogue between industry players and the field of politics. Together with the other partners, we set goals to improve sustainability throughout the production chain.

We are a co-founder of the association MaxTex. Together with our partners, we develop innovative product solutions all the way through to making a circular economy possible - and we do so transparently, honestly and sustainably.

We make use of STANDARD 100 by OEKO-TEX, a standardised and independent certification system for textile products. This stands for textiles which have been tested for harmful substances and products that pose no risks to health.

With Fairtrade certification, we promote fair labour conditions, the prohibition of child labour, stable minimum prices, long-term trade relations in the area of cotton production and the transition to environmentally friendly agriculture. All the models containing Fairtrade-certified cotton are labelled as such.
