INTRODUCTION

MIKASA®

Moments

The most special moments with family and friends are best served with Mikasa.

When special moments revolve around the dining table in all its forms – the kitchen table, the coffee table or maybe just the floor of a new home – everything needed to savour these moments should be crafted to perfection.

Mikasa creates luxurious yet affordable pieces for the table made with care, attention and a good eye for contemporary design. Mikasa values the modern, the timeless and the sophisticated without compromising on function, so each piece is an investment in the home. Basing its showroom on Madison Avenue, Mikasa thrives in the heart of New York, the home of luxury boutiques and some of the world's most forward-thinking designers who are at the forefront of global trends. With over 50 years' experience and designers based in England and New York, as well as skilled ceramicists and potters throughout Europe, the Mikasa brand is established in its expertise of creating trend-driven design with pristine quality.

We take the art of crafting an experience in the home very personally: from a beautifully dressed table for hosting the most special occasions to a cosy bowl of noodles on the sofa for Friday night takeout. However you choose to dine, Mikasa makes every dining experience special and a moment to savour.

GOURMET

Offering the Mikasa style for more laid-back occasions, Gourmet is a reliable and functional collection that is perfect for breakfasts, brunches and bowl food. Softened shapes with a neutral palette and clear-glazed edges convey a pared-back style, while bold injections of blue add statement colour, giving hosts the chance to create their own individual table with these mix and match pieces.

SWIRL GRAPHITE

The ironstone used in the Swirl collection is fired at over 1000°C with a special pin-firing technique. The pin-firing process of this material is unique as it means the entire product is glazed, including the base. This technique reduces water absorption and also increases chip resistance for a beautifully rustic and durable earthenware design that is both dishwasher and microwave safe.

HOW TO FIND US...

Our showroom is now based at KitchenCraft offices in Birmingham.

JOURNEY BY ROAD

The office is close to both the M42 and M6 motorways and it is 5.6 miles away from Junction 6 of the M42 motorway. Leave the M42 at Junction 6 taking the A45 towards Birmingham. Continue along the A45 for 3.1 miles passing the Birmingham Airport Holiday Inn Hotel on your right hand side and then after passing Morrisons on your left hand side, move over to the right hand lane and you will see an overhead gantry with traffic lights. Turn right at these traffic lights into Sheaf Lane following the signs A425 to Garretts Green. Remain on Sheaf Lane which becomes Church Road until you reach a roundabout. At the roundabout go straight over, taking the second exit, onto Sheldon Heath Road. Follow this road until the next roundabout, turning right, taking the sixth exit into Garretts Green Lane. Continue on Garretts Green Lane taking the third road on the right into Granby Avenue. Take the first road on the right into Valepits Road and KitchenCraft is situated at the end of the road.

There is visitor parking at the offices.

JOURNEY BY RAIL OR AIR

The office is located ten minutes away by car from both Birmingham International Airport and Birmingham International Railway Station.

The office is a short walk away from the nearest railway station, Lea Hall, which itself is a ten minute journey by train from Birmingham New Street Station.
