AMWAJ

by Ariane Massaad

AMWAJ is the start of plate design trends where the focus is not only placed on originality of design, but also on taking the functionality of the tabletop plate to the next level to provide limitless possibilities for food presentation and range of use.

The 'waves' serve as separators between the usable surfaces on the plate that can be used for not only displaying different foods at the same time, but also for displaying utensils and accessories for an interesting and unforgettable experience.

EARTH

by Gemma Bernal

EARTH winks at imperfection, at something made manually and with its own differences. The superposition of imperfect forms and their geometry, always give interesting, different results and that produce mobility. The choice of also arbitrary and uneven surface finishes emphasizes this idea. The inequality of tones and shapes, which seems casual, is the essence of EARTH.

ARTISAN COLLECTIONS

The way food tastes is influenced by more than simply the ingredients it contains. Studies suggest that the colour and texture of plates and even the actual shape of bowls can have a direct impact on the way we experience flavours. Artisan is born out of this philosophy.

Artisan is a beautiful new tableware range that combines shape, texture and colour in a way that is designed to elevate and enhance the entire dining experience. Inspired by the hand-thrown style of pottery design studios, Artisan offers something unique. It combines the look of hand-crafted products with the strength, consistency and durability of tableware that has been produced by a truly world-class manufacturing process. This ensures that Artisan is every bit as practical as it is beautiful.

And what makes Artisan even more appealing is its ability to deliver this unique combination at a price that offers you exceptional value for money.

INGENIOUS TECHNOLOGY

Behind the subtle designs and durability lays a robust technology that combines premium raw materials like kaolin, quartz and feldspar and optimizes the usage of these raw materials to extract their best properties. The combination of modern state-of-the-art manufacturing facilities, and up-to-date German machineries, produces exceptionally durable porcelain dinnerware items, maintaining a value for money proposition.

INTERNATIONAL DISTRIBUTION

Accessibility is the key to a great brand. We live up to this expectation by deploying an easy reach distribution strategy that comprises strategic tie-ups with leading hotel suppliers and industry players from all over the world. You'd find us in all leading hospitality procurement hubs.

DESIGN AND FUNCTIONALITY

Service with a personal touch plays an integral part in the world of hospitality. We offer the possibility for personalization according to all our clients' company identities and special requirements. The result is modern designs combined with individualism.

Ariane Fine Porcelain offers a flexible approach to customized decorations and production lines with personalized décor, shapes, patterns, décor variations and custom-made logos to its customers in order to meet all their diverse requirements.

COMPETENT SERVICES

At Ariane Fine Porcelain an effective and clear distribution & replacement structure has been put in place to give an effective delivery and after-sales service. In addition to ensuring effective product purchase and delivery, we offer a 5-year Rim-Chip warranty to all articles in our heavy-duty range such as Prime.

CERTIFICATIONS

Ariane Fine Porcelain successfully meets stringent global quality standards such as physical tests certification from SFC France and quality tests (dishwasher safe, edge-chip resistant, microwave & oven safe, steel/metal marking test) certifications by LUCIDEON, UK for our superior quality porcelain tableware that live up to world-class international standards.

Ariane Fine Porcelain has certified the ISO 9001:2008 for quality management and SA-8000:2008 for social accountability by TÜV, Germany.

Ariane Fine Porcelain products have approved with the Vegetarian Society of UK for being 100% vegetarian. Every article of table ware contains no bone ash. Ariane Fine Porcelain thereby provides an absolutely hygienic vegetarian solution to markets that are exclusively vegetarian. It has also certified by Halal Committee, Mumbai, India.

QUALITY WITHOUT COMPROMISE

Hospitality is a demanding industry that has specific, ever-evolving needs. The unique blend and amalgamation of raw materials, breakthrough technology and a quality assurance team, guarantees that all Ariane Fine Porcelain items are kept in line with these requirements.

DISHWASHER SAFE

Our porcelain is fired at high temperatures which making it highly resistant to repeated dish washing cycles at high temperature.

MICROWAVE & SALAMANDER SAFE

Ariane Porcelain products are both microwave and salamander safe due to their heat resistant layer of glaze. (Other than products with all kind of decorations including with precious metals like Gold, Platinum etc).

SMOOTH APPEARANCE

The special glaze fired at high temperatures not only gives all our porcelain a smooth, clean finish, but also ensures that it becomes completely non-porous, guaranteeing higher levels of hygiene.

ABRASION PROOF

The special glazing fired under high temperature ensures strong resistance to scratches or abrasions.

LIMITED DANGER IN CASE OF BREAKAGE

The products are designed to avoid breakage hazards, as they break cleanly into safely manageable pieces.

THERMAL SHOCK PROOF

Ariane Fine Porcelain not only retains heat to keep the food warm, but also is resistant to variations in temperature.

PERFECT FUNCTIONALITY

All our designs focus on absolute functionality. Most items are stackable including cups, bowls and platters, which enables the most efficient use of space.

HIGH CHIP RESISTANCE

The special high alumina material used by Ariane Fine Porcelain offers strength, durability and resistance against chipping to critical points like edges of cups, plates and handles.
