GREIFF SUITS.

corporate wear

---

2017/18

# With GREIFF, you can rest assured that everything is produced in a **fair and sustainable** fashion.

Almost every company is now committed to sustainability and responsible business practices, so it makes sense that corporate wear has to be ethically produced too. If you choose GREIFF, you can be confident that we select our production partners with just as much care as all the materials we use.

We only use producers who are active in fair, safe and respectful working conditions for their employees, conserve energy and raw materials, and work with us to meet the highest standards of quality. That is why we are a member of the Fair Wear Foundation, which is committed to improving workplace conditions at manufacturing facilities. We only use high-quality materials which contain no harmful substances – all of which meet the requirements of Standard 100 by Oeko-Tex. GREIFF is also Fairtrade certified, which enables small-scale farmers to grow cotton sustainably.

Fairtrade has already improved the lives of thousands of cotton growers. It also helps to promote equality by empowering women.

## myGREIFF-Code:

**We know exactly where each of our products comes from.**

The myGREIFF code allows you to see all the important information about every single product.

You can find it on the label sewn into your garment. With the aid of the myGREIFF code, you can trace the whole process that went into making your product – from the fibre to the finished item of clothing. You can see where the raw materials used for your product came from and where they were processed. You will also receive reports on the manufacturing facility audits completed by the Fair Wear Foundation and see what certifications our production partners hold.

## See our products in action!

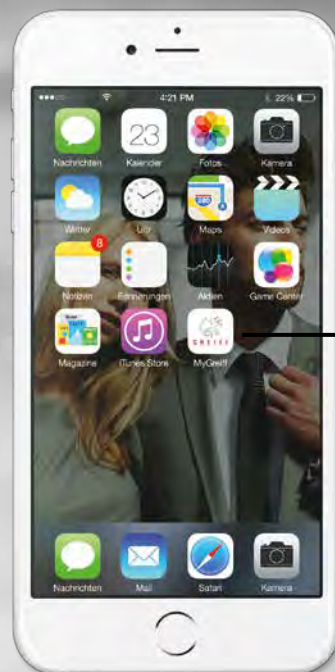

The photos in our catalogue already give you a good idea of our collections, but now we are offering an even more attractive glimpse of them and bringing our clothing to life by providing a short video of almost all our products. To watch it, simply scan the QR code next to the photos with your smartphone or tablet.

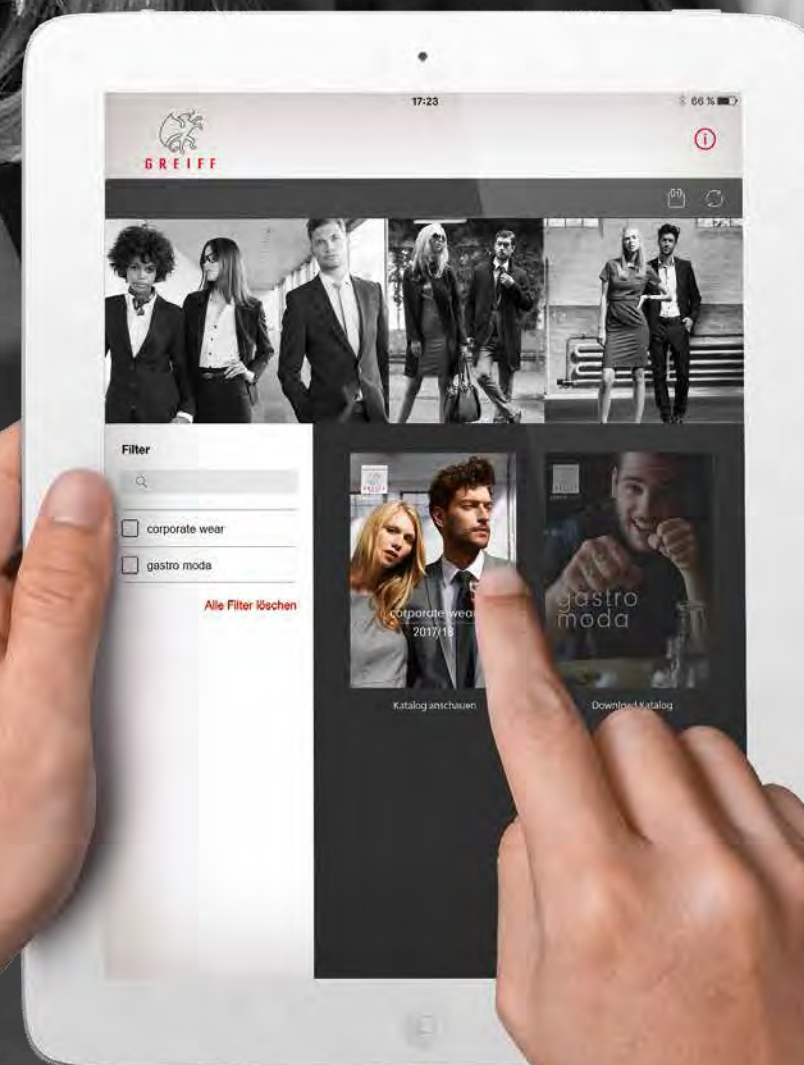

# Catalogue now available as an app!

Downloading our new app makes it even easier. Instead of scanning each video individually in the catalogue, you will then have quick, clear access to all the videos and information about our products.

Here is the QR code to download the app:

Very appealing: GREIFF app now available

# corporate wear

## 2017/18

Every employer wants their corporate clothing to be just right, which is why GREIFF is the perfect partner. We are your one-stop shop for corporate wear, but that's not all. You can also rest assured that the quality, workmanship and materials used all meet the very highest standards.

To help every company find the right collection for their employees, we offer an attractive, impressive product range, divided into the PREMIUM, MODERN, CASUAL, BASIC and OUTDOOR categories, all of which offer the perfect combination of functionality and fashion. On top of this, we offer a level of choice few can match. The mix-and-match possibilities are endless with our modular system. Whatever you choose, we can also supply coordinating shirts and blouses. Our catalogue is rounded off by knitwear, T-shirts and accessories for the ideal finishing touch.

# PREMIUM

**Timeless cuts for a smart appearance.**

High-quality service providers such as banks, insurance companies and tour operators want their staff to look the part. The PREMIUM collection from GREIFF ticks all the right boxes.

The timeless, fashionable designs are just as impressive as the perfect workmanship and bi-stretch fabric, which is very durable and easy-care.

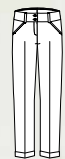

The largest off-the-peg collection of corporate wear in Europe offers you a unique level of choice: a modular system with three different fits and 22 styles in as many as seven colours.

All of the garments coordinate perfectly with our PREMIUM shirts and blouses, which are made from top-quality cotton fabric.

To find out how our PREMIUM collection works, click here:

# MODERN WITH 37.5

## Up-to-the-minute functionality and design.

Our redeveloped MODERN collection has its finger on the pulse, twinning the very latest cuts with new 37.5® Technology developed by the US company Cocona. This innovative fabric works perfectly with your skin, maintains the microclimate between your body and clothing at the ideal body temperature and absorbs moisture optimally. This guarantees greater, long-lasting comfort, which in turn boosts performance. Your staff will love the technology just as much as they love the array of mix-and-match options. We offer a selection of two fits, four colours and 14 different styles.

Perfectly coordinated shirts and blouses are also available, of course.

37.5® Function

**Makes a good impression even in tough environments.**

Whenever corporate wear is really put through its paces – at transport companies, security firms or in the catering industry – our BASIC collection is the right choice. The modular collection consisting of ten styles in three colours offers countless mix-and-match options and is tough enough to cope with everyday wear. All of the styles are made from an extremely hard-wearing, washable blend of new wool, polyester and elastane with a finish that repels water and dirt. There is also a large selection of shirts and blouses designed to meet exacting demands.

CARE:

## CUSTOMISE YOUR CORPORATE WEAR.

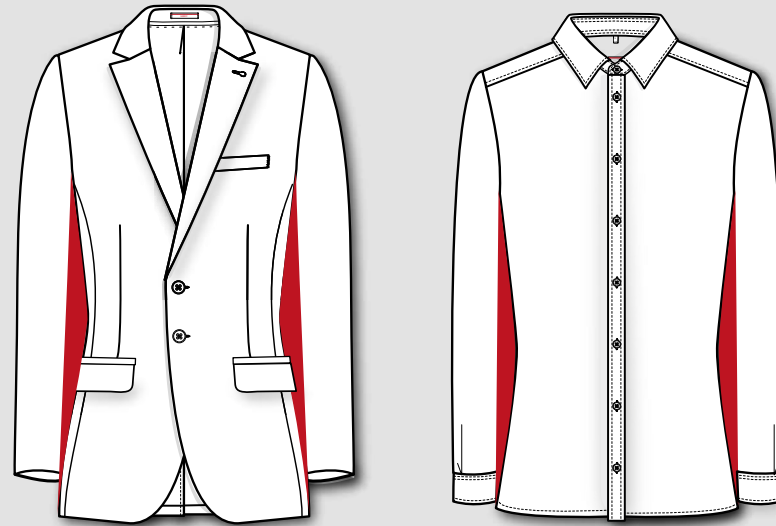

We are happy to customise your clothing by embroidering your company name or adding your logo, either as embroidery or as a badge. If you choose this option, we ask you to send approved artwork as a PDF or JPEG. If you require a specific colour, please specify a Pantone, RAL or HKS code. Customisation is charged based on the number of garments to be personalised and the number of stitches needed to produce the embroidery or badge. One-off programming costs also apply, which are invoiced separately.

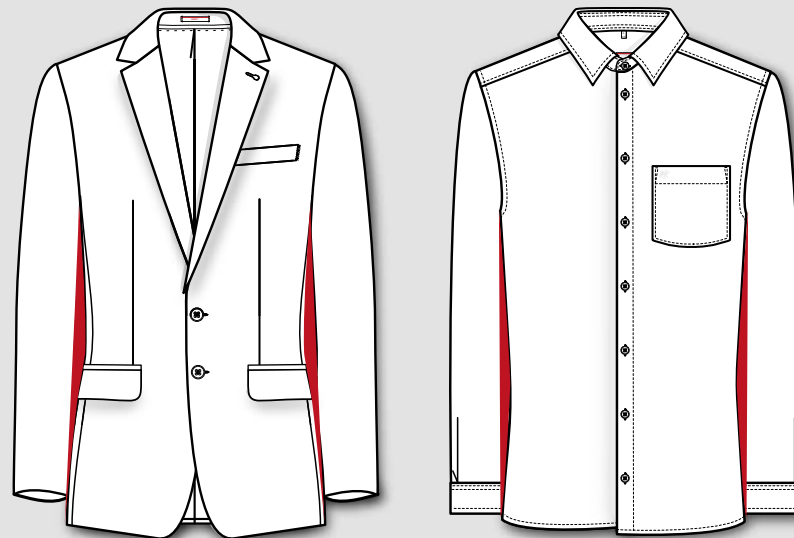

**SLIM FIT**

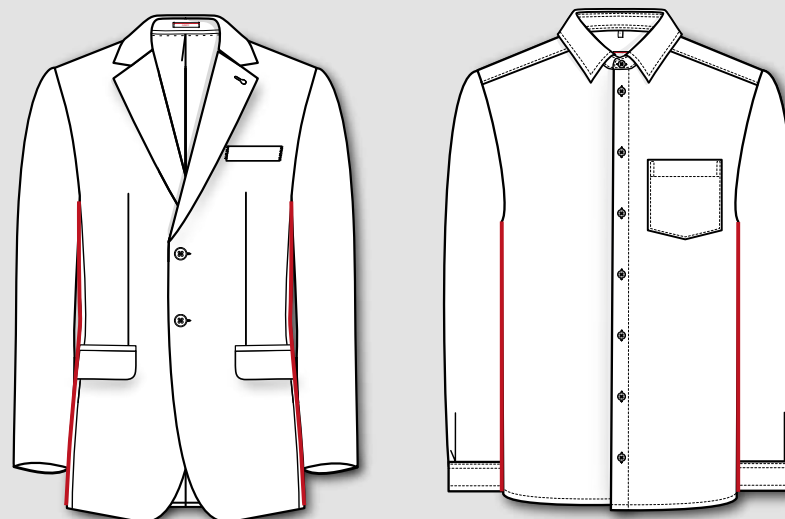

Slim Fit features a very fashionable and figure-hugging fit, which is ideal for fashion-conscious wearers.

**REGULAR FIT**

Regular Fit features a comfortable, slightly fitted and modern cut, which suits almost any figure and any wearer.

**COMFORT FIT**

Comfort Fit features a comfortable, pleasant fit that is ideal for classic wear.

bügelfrei  
non-iron

**TREVIRA**

The outstanding characteristics of Trevira® Classixx are great durability, excellent low-pill properties and good breath ability. Pure pleasure combined with comfortable style.

**WATER AND DIRT REPELLENT**

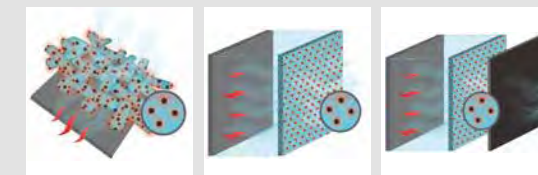

With this treatment, you protect your textiles against the challenges of everyday life, without any change to the natural appearance, breath ability or texture of the fabrics. Your textiles will be protected effectively against water and various types of soiling.

**LYCRA**

LYCRA® is a synthetic elastane fibre. It has unique elasticity and resilience. The LYCRA® fibre improves wear ability as well as fit, shape retention, durability and freedom of movement. This is achieved through the unique properties of the fibre, which can be stretched to seven times its original length. LYCRA® is a registered trademark of INVISTA.

**COOLMAX® FABRIC**

COOLMAX® is a specially developed fibre from INVISTA, which wicks moisture away from the body to the surface of the material. The uniquely structured fibres offer great breath ability at the same time. And the breath ability also enhances the heat regulating effect. COOLMAX® Fabric is a registered trademark of INVISTA.

**37.5® TECHNOLOGY**

GREIFF has taken the best fabric technology from the performance sports world and put it in corporate fashion. Now with 37.5® technology your corporate wear can be as comfortable as

the clothes you wear to the gym. 37.5 works with your body to act like a thermostat—37.5 particles absorb the infrared energy your body emits and if moisture/sweat is present it speeds the evaporation to cool you. If no moisture/sweat is present, the IR energy is retained to keep you warm.

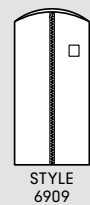

**COTTON**

The International Cotton Emblem guarantees highest quality. It symbolises product characteristics such as great durability, good moisture absorption as well as excellent wear ability.

**NON IRON COTTON**

As a result of the special meshing of the cotton fibres, the fabric does not crease easily and the creases fall out practically by themselves after washing. The fibres dry quickly and are extremely easy-care, wicking moisture from the body to the outside of the fabric and ensuring perfect comfort.
