Design Engineered to Last

Our tableware is materially and design engineered to last in a professional setting, from our unique clay recipe and controlled kiln environment to durable shape design and long-lasting finishes.

Raw Materials

Our raw materials are responsibly sourced and carefully selected to create a strong, long-lasting product.

Engineered Shapes

Built for the demands of professional kitchens, Ariane products offer extra strength where it matters and lighter handling where it counts.

Vitrification

Vitrification is essential for professional tableware, it's the process of altering the particle structure of our ceramics to create a dense and watertight body, thereby creating a stronger and more food safe ceramic product.

EARTH

by Gemma Bernal

The EARTH plate design moves beyond the typical focus on uniqueness and instead emphasizes the organic and natural shape of the tabletop plate. By embracing EARTH natural form, the potential for creative expression becomes limitless, and it establishes a new benchmark for plate design.

MOHENJO DARO

The rustic yet sophisticated looking Mohenjo Daro Collection is an elegant tribute to the majestic Mohenjo Daro of the ancient Indus Valley civilisation. The golden splatter with hints of copper tones against the muted neutral background captivates the subtle richness of pre-historic creations. The collection is crafted with a wavy rim and rounded edges giving it an instant earthly look.

The abstract concentric patterns lend it an exquisite charm. The warm dish, when served in this timeless piece of art takes us back to a time when people gathered around and enjoyed good company by sharing meals. The traditional yet modern-looking Mohenjo Daro collection appeals to a minimalist yet trendy restaurateur.

Celebrate your unique style by adding this exceptional crockery design to your collection.

JAGUAR

The Jaguar collection takes inspiration from the elegant wild felines of the same name. Much like its inspiration, the Jaguar collection is sleek, stylish, bold, and aggressive in terms of its design. It features jaguar-like spots on the tableware to pay homage to its inspiration.

Suitable for cafes and casual dining spaces, the Jaguar collection puts your food in the limelight quite literally, thanks to its reactive glare when interacting with light. The monochrome background gives your plate a warm appearance, allowing endless opportunities for elegant yet bold fine-dining presentations that will certainly leave you amazed at first glance. A unique combination of gloss and matt glaze will leave everyone in awe.

FRECKLES

Freckles are beautiful and unique, just like the Freckle collection it inspired. The stoneware appeal of this collection makes it a perfect choice for modern cafes, as it perfectly complements the cafe aesthetically. The warm brown tones of the Freckle collection can elevate the presentation and plating of food, giving diners a magnificent experience. The freckles are represented in the design of this collection, with spots on the edges to resemble them.

The versatility of this collection is immaculate, as it's suitable for plating a variety of cuisines and dishes. For a unique and complete setup, you can club the freckle collection with the Jaguar collection and create a franken-collection that combines the boldness and subtleties of both.
