La storia aziendale Ichendorf ha inizio nei primi anni del Novecento, in una località nei pressi di Colonia, dal nome Quadrath-Ichendorf. Qui, i maestri vetrai, da una miscela di sostanze tra cui la silice, davano forma ad oggetti capaci di andare incontro al raffinato gusto dell'epoca. Una cifra stilistica delineata da preziosi ornamenti, indiscussi protagonisti delle collezioni proposte sino agli anni Cinquanta del secolo scorso, quando si compie una decisiva trasformazione: prediligere l'essenzialità della forma e la purezza del materiale.

Si eliminano i vecchi tagli e gli antichi decori, nella ricerca di un rinnovato linguaggio di forme accessibili a tutti e non più di carattere esclusivo. Si arriva così alla creazione di oggetti dal design contemporaneo. Dal 1990 il centro stile Ichendorf si stabilisce a Milano, polo creativo di artisti e designer.

È una nuova storia in cui artisti e designer entrano nell'anima del materiale per combinare ad ogni creazione segni differenti in un'unica poetica della forma, capace di racchiudere la continua ricerca di dettagli con il rispetto della storia e del mestiere dei maestri vetrai. È un lungo, appassionato, meticoloso lavoro di scambio e collaborazione, che garantisce ad ogni oggetto Ichendorf di vivere nel tempo.

EN

Ichendorf company history began back in the early years of the twentieth century in a small town near Cologne, named Quadrath-Ichendorf. There, many master-glaziers used a mix of substances, among which was silica, to give shape to objects able to meet the refined taste of that period. A stylistic code defined by precious ornaments, which had the undiscussed leading role of the collections proposed up until the fifties of the past century, when a very important change is established: to favor clean shape and purity of material.

Old form and adornment were abolished, in an endless search for new, popular and no longer exclusive appearances. That leads us to the creation of modern designed objects. In 1990 Ichendorf style center is established in Milan, creative point of convergence of artists and designers.

It is a new story through which artists and designers come in contact with the very heart of the material, to combine different signs in a single poetic shape, able to enclose a continuous search for details, always respecting history and master-glaziers' expertise. It's a very long meticulous collaboration work, which guarantees the longevity of Ichendorf objects in time.
