Was ist Whisky?

Whisky erfreut sich vieler Liebhaber und dies aus gutem Grund: das edle Getränk bietet ein ganz besonderes Genusserebnis. Die Spirituose, die überwiegend aus Getreide, Wasser und Hefe hergestellt wird, wird nach der Destillation für mindestens drei Jahre im Eichenholzfass gelagert. So entstehen geschmackvolle Scotch, Irish und Bourbon Whiskys.

ZWIESEL GLAS bietet eine Vielzahl an Whiskygläsern, die sowohl in ihrer Form als auch der Gestaltung keine Wünsche offenlassen. Neben verschiedenen Tumblern, wird das Sortiment durch hochwertige Nosing Gläser ergänzt. Diese tulpenförmigen Whiskygläser sind besonders für Whiskys mit vielfältigen Aromen, wie Single Malts geeignet.

What is whisky?

Whiskey is a refined beverage that is sought after for its special taste experience. Made from grain, water and yeast, the liquor is matured in oak barrels for at least three years after distillation to produce flavourful Scotch, Irish and Bourbon whiskies.

ZWIESEL GLAS offers a variety of whiskey glasses in many shapes and designs. In addition to various tumblers, our assortment includes high-quality nosing glasses. These tulip-shaped glasses are particularly well suited for whiskies with signature flavours such as single malts.
